Request for Information

The Applicant(s) and the assignee, if any, are required under 37 CFR 1.105 to file the following information that the examiner has determined is reasonably necessary to the examination of this application:

- a. Identify the allegedly infringing method that was the basis for the Petition to Make Special and any other known uses of the invention.
 - b. In response to this requirement, please provide a copy of each of the references referred to in the IDS filed on August 20, 2001 (paper no. 8).

Although copies of items AC through AT may have been submitted to the Office, copies have not been matched to the file. Copies of these references are necessary to examine the application since they were part of the search justifying the grant of the petition to make special.

In responding to those requirements that require copies of documents, where the document is a bound text or a single article over 50 pages, the requirement may be met by providing copies of those pages that provide the particular subject matter indicated in the requirement, or where such subject matter is not indicated, the subject matter found in Applicants' disclosure.

The fee and certification requirements of 37 CFR 1.97 are waived for those
elements submitted in reply to this requirement. This waiver extends only to those
elements within the scope of this requirement under 37 CFR 1.105 that are included in
applicants' first complete communication in responding to this requirement. Any

Art Unit: 2157

1 supplemental replies subsequent to the first communication responding to this
2 requirement and any information disclosures beyond the scope of this requirement
3 under 37 CFR 1.105 are subject to the fee and certification requirements of 37 CFR
4 1.97.

5 The Applicants are reminded that the reply to this requirement must be made
6 with candor and good faith under 37 CFR 1.56. Where the Applicants do not have or
7 cannot readily obtain an item of required information, a statement that the item is
8 unknown or cannot be readily obtained will be accepted as a complete response to the
9 requirement for that item.

10 This requirement is subject to the provisions of 37 CFR 1.134, 1.135, and 1.136
11 and has a shortened statutory period for response of **TWO (2) MONTHS**.
12 EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
